Army Capability Manager-Network & Services (ACM-N&S)

AFCEA TechNet Augusta 2024

MAJ James R. Ziwak
Assistant, ACM-N&S

Controlled by: Cyber CDID, Operations
Controlled by: FCFC-CC
Category(ies): PUBLIC
Distribution/Dissemination Controls: PUBLIC
POC: Dr. Alie Brown, 706-791-5736

Unified Network – Cyber CDID/ACM N&S

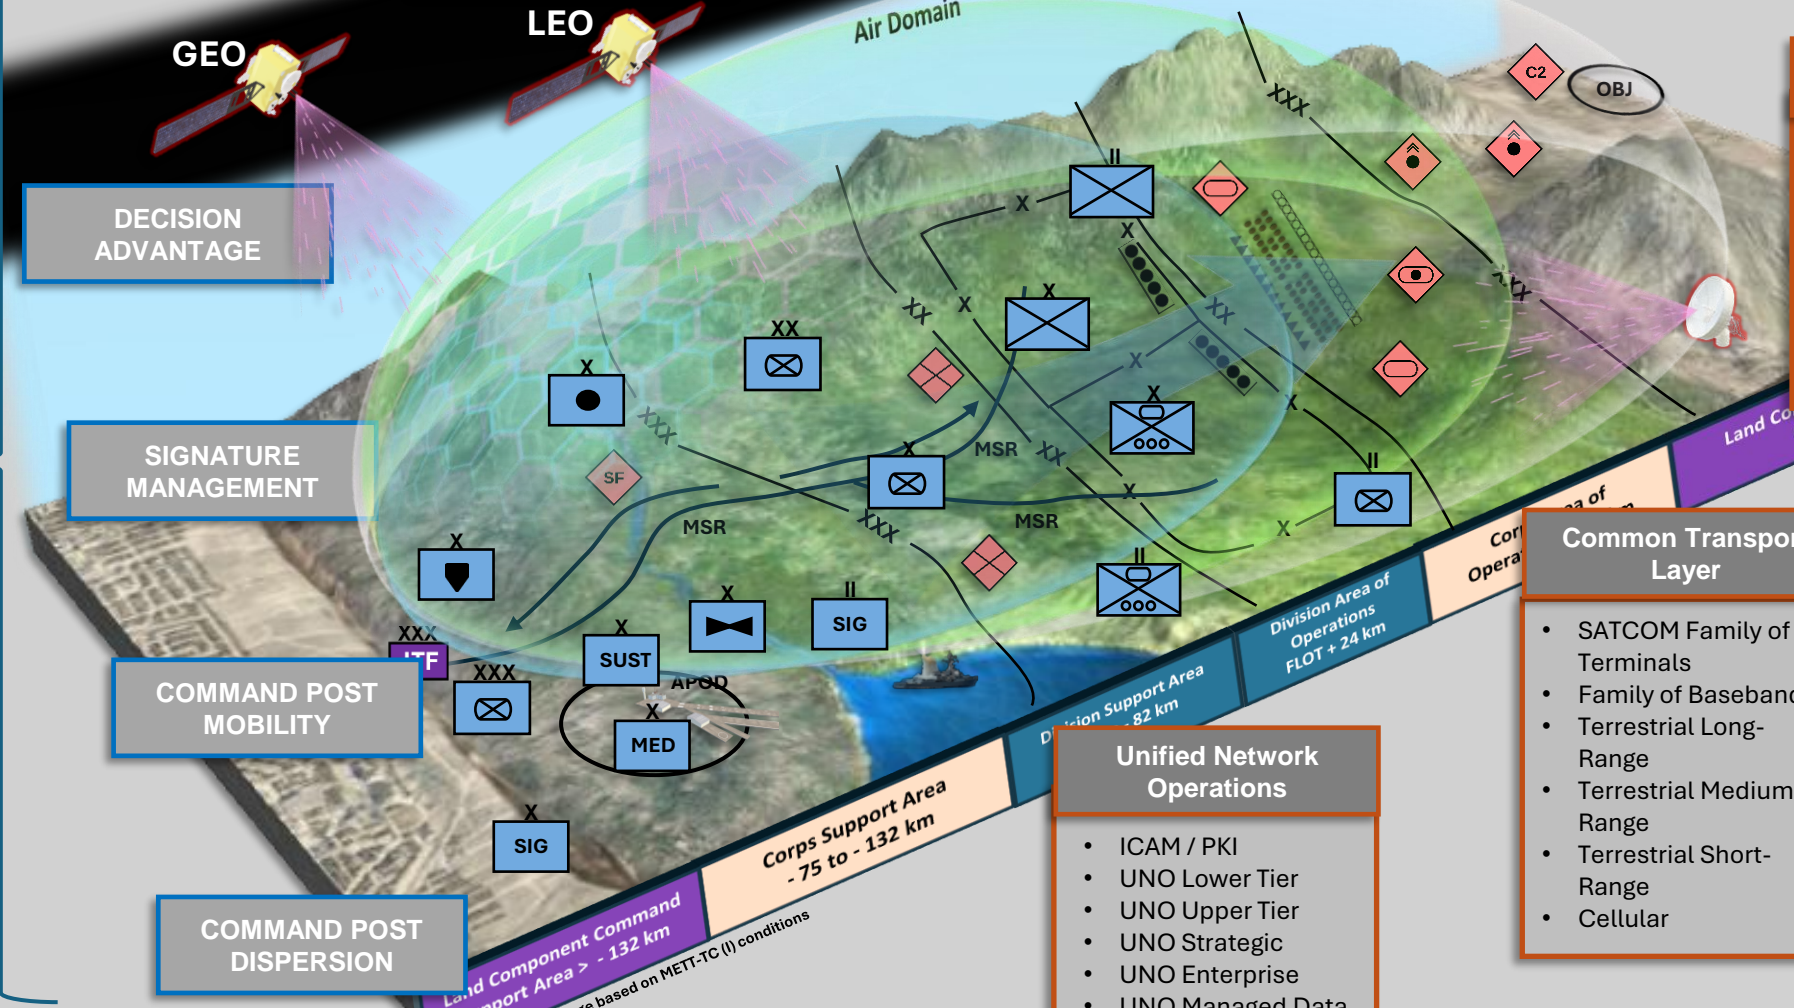

- ### Enterprise Computing Environment
- Hybrid Cloud
 - Joint Interoperability
 - Mission Partner Environment
 - Common Services
 - Data Centricity

Unclassified

- ### Common Services Infrastructure
- Enterprise Computing
 - Edge Computing
 - Distributed Computing
 - Data Storage

Unified Network Characteristics:

- Integrated Data Layer
- Cloud Native
- Robust and Resilient Transport
- Intelligent and Threat Informed Network
- Open and Standardized Architecture
- Intuitive and Easy to Learn
- Service as a Framework

- ### Unified Network Operations
- ICAM / PKI
 - UNO Lower Tier
 - UNO Upper Tier
 - UNO Strategic
 - UNO Enterprise
 - UNO Managed Data

- ### Communication Security
- Key Management Infrastructure
 - Cryptographic Modernization & Management
 - Next Gen Load Device
 - ACES
 - Data Encryption

- ### Common Transport Layer
- SATCOM Family of Terminals
 - Family of Baseband
 - Terrestrial Long-Range
 - Terrestrial Medium Range
 - Terrestrial Short-Range
 - Cellular
